Translation from Bulgarian

"Merone - N" LTD

REFERENCE

"Merone - N" LTD has a long experience and confirmed traditions in the field of the purchase, processing and realization of milk and dairy products at Bulgarian and at international market. The purchase network is created on the territorial principle covering 70 farms and purchase units in the settlements of Silistra, Dobritch, Shoumen and Razgrad regions. The raw milk gathered for the preparation of “Merone” products has high quality indexes because of the strict control on the acceptance and checking.

The company has business relations with "Soflab" LTD since 2008, in the field of laboratory glass and materials, as well as reactive substances and laboratory equipment.

In the process of our joint work has shown the company staff its professionalism and good work organization.

We value the partnership relations with "Soflab" LTD as along with the deliveries we receive also the competent assistance by the installation of new appliances and by the implementation of new methods.

Date: 21.06.2010.
